

CLARKE COURIER

JOHN O. CROWN,
Editor and Proprietor.

WEDNESDAY, MAY 10, 1899.

Announcements.

For Sheriff.

I take this method of informing the voters of Clarke county that I will be a candidate for the office of Sheriff at the election to be held on the fourth Thursday in May, 1899, and respectfully solicit their support. I promise to perform the duties of the office to the best of my ability and to the satisfaction of the public.

W. W. SMALLWOOD.

To the Voters of Clarke County:

The undersigned hereby announces himself as a candidate for re-election as sheriff of Clarke County at the election to be held in May, 1899. I promise to perform the duties of the office to the best of my ability. Very Respectfully,

I. K. BRIGGS.

To the Voters of Clarke County:

At the solicitation of many friends I respectfully announce myself a candidate for the office of Sheriff of Clarke county, and will be thankful to receive the support of the voters at the election to be held in May, 1899. I promise to discharge the duties of the office conscientiously, fearlessly, and with an eye to the public interest.

EDWARD STEELE.

For Clerk of county court.

I hereby announce myself a candidate for the office of clerk of the county and circuit courts of Clarke county, and solicit the support of my fellow-citizens. If elected, I promise to discharge the duties of the office faithfully and conscientiously.

C. A. FORD.

To the Voters of Clarke County:

I announce myself a candidate for election as Clerk of the County and Circuit Courts of Clarke County and solicit your support. If elected I will continue to perform the duties of the office as in the past. Mr. John B. Neill has agreed to act as my deputy as heretofore.

JNO. M. GIBSON.

As stated by Mr. Gibson I have agreed to act as deputy clerk with him, and will under no circumstances act as deputy for Mr. C. A. Ford, and so told Mr. Ford early in February. Any vote cast for Mr. Gibson is cast equally for me, and will be so appreciated by me.

JOHN B. NEILL.

For Commonwealth's Attorney.

To the Voters of Clarke County:

I hereby announce myself a candidate for re-election to the office of Commonwealth's Attorney of Clarke County at the election to be held on Thursday, the 25th day of May next. I can only say, if re-elected, I shall continue to faithfully discharge the duties of the office.

CHAS. M. BROWN.

To the Voters of Clarke County:

I hereby announce myself a candidate for the office of Commonwealth's Attorney for this county, and respectfully solicit the suffrages of my county voters at the election to be held next May. If elected, I shall discharge the duties of the office to the best of my ability. Respectfully,

W. T. LEWIS.

For Commissioner of Revenue.

Fellow-Citizens of Clarke County:

Grateful for your liberal support extended in the past, I again offer myself as a candidate for the office of Commissioner of the Revenue, promising to discharge the duties faithfully and to the best of my capacity, and solicit your generous support.

J. T. GRIFFITH.

To the Voters of Clarke County:

I hereby announce myself a candidate for the office of Commissioner of the Revenue for the county of Clarke, and will be grateful for the people's support.

NICHOLAS MOORE.

The distance between the court of enquiry and the beef packers was miles, but by declaring that the latter was not in it Secretary Alger has shortened the same. How is that, Bro. Gallaher? We know you can improve on it.

The war, it is stated, has cost up to date \$266,000,000. This includes what has been spent to subdue the Filipinos. Had the conflict been confined to the sphere originally intended \$200,000,000 would have covered the costs. The expansion business is a stone tied around the necks of the taxpayers that will hold them down under the waters of taxation for years to come.

Baltimore has decided to dress up again in democratic clothes, after wearing republican garments for several years. Thos. G. Hayes was elected mayor over the present incumbent by more than 8000 majority. The democrats also elected the president of council, comptroller and councilmen. We know that Baltimore will feel better that her municipal affairs are to be placed in democratic hands, and that she has paved the way for a democratic victory in the State next fall.

General McArthur's column has reached San Fernando, in an exhausted condition, the Filipinos having forced the Americans to make a contest for the ground over which they advanced. After capturing Bacolas, their next objective point, the American forces can communicate with Manila by water. The Filipinos, it is believed, are about to give up the fight. Gen. Otis and Dr. Schurman, the American commissioner, take this view of the situation.

By direction of the President, who approves the findings, Acting Secretary of War Meiklejohn on Saturday made public the report and findings of the military court appointed to investigate the charges made by Major-General Miles, commanding the army, that the beef supplied to the army during the war with Spain was unfit for the use of the troops.

The court finds that General Miles' allegations that the refrigerated beef was treated with chemicals were not established; that his allegations concerning the canned fresh or canned roast beef were sustained as to its unsuitability for food as used on the transports as a long-continued field ration.

General Miles is censured for "error" in failing to promptly notify the Secretary of War when he first formed the opinion that the food was unfit. General Eagan, formerly commissary-general, is censured for too extensive purchases of the canned beef as an untried ration. Col. Maus, of Gen. Miles' staff, is also censured.

The court finds that the packers were not at fault; that the meat supplied to the army was of the same quality as that supplied to the trade generally, and recommends that no further proceedings be taken in the premises.

The court may believe it has done its duty—it certainly has stood by the Secretary of War and the beef packers—but the canned beef of the packers will never again be used on the family table as freely as it has been.

Senators Quay and Penrose, both of Pennsylvania, voted against the validity of Governors to appoint Senators after the Legislatures failed to elect, nevertheless Mr. Quay hopes that he will regain his senatorial seat on the strength of the validity of the Governor to appoint. Since the constitution says that a State shall be entitled to two senators in the upper branch of Congress, we think the decision of the Senate, declaring that the Governor could not appoint after the Legislature had failed to elect, was wrong, but we are no lawyer and simply look at the question without applying to it any technical pleadings. In expressing this opinion we are only considering the subject on its merits. The Senate was created to make every State the equal in legislative power of any State in that body—for the protection of small States against large ones—and if an appointment by the Governor is not admitted because one of the appointing powers fails to do its duty, the equality of the State in the Senate contemplated by the constitution is violated.

The friends of Senator Martin, in their vehement opposition to the May conference, which will be held in Richmond today, probably know what they are doing, but they have not made him friends by their rabid talk. When the House of Representatives, supported by a unanimous vote of the democratic members from Virginia, voted for an amendment to the constitution giving to the people the power to vote directly for Senators, there was no found, that we can recall, any one disapproving of the plan. Now, that the people purpose to consider some plan for nominating the senatorial candidate otherwise than by a legislative caucus, during the time of the withholding of the amendment asked for, the people are told they are guilty of revolution, of setting themselves up against party authority, &c. Well, the people are the source of power, and nothing is undemocratic that comes through their action.

One of our exchanges says it hopes that Col. Bryan will let up on Perry Belmont, now that he has got a new wife via the divorce court. The best thing for Col. Bryan to do is to remember that there was a time when he deemed it prudent to consult expediency. A good many democratic victories have been won within the past seven or eight months in different parts of the country by the local or State authorities acting upon the sensible conclusion of getting together, instead of demanding, as Col. Bryan seems to think we should do, to take his prescription or nothing. Col. Bryan may be a good political physician, but political as well as professional doctors differ.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work. This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This mineral medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cts. Sold by C. Bence, druggist."

Mr. Conrad Kownslar, at the meeting held last Saturday to send delegates to the May conference, made a strong point in favor of the proposition to place in the hands of the people the power to choose by ballot United States Senators, when he said the Legislatures of two States had balloted for persons as senators who were under indictment for larceny. In one case, where the senator was elected, the jury would not agree; in the other the statute of limitations was pleaded and the person got off. Mr. Kownslar said he did not believe the people would tolerate such a condition of affairs if senators were chosen by the people.

Some of the State Legislatures are doing what they should have done long ago—endeavoring to pass laws against trusts. All of the trusts get their charters from some State, and if the States are masters of the situation, they have less reason than many suppose to rush to the general government for legislation to suppress them. We think it is the duty of all States to maintain a proper watch over their reserved rights. We are opposed to trusts, because they have the power, and doubtless often do, interfere with and crush out the weak engaged in a competing business.

Wm. Paris, colored, aged about 17 years, was shot and killed by John Myers, a white man, who discovered Paris in the act of attempting to commit an assault on an aged white woman at Cumberland, Md. A coroner's jury summoned to investigate the case returned a verdict of justifiable homicide.

Remarkable Rescue.

Mrs. Michael Burtain, Plainfield, N. J., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption, she bought a bottle and to her delight found herself benefited from the first dose. She continued its use, and after taking six bottles, found herself sound and well, and her own household, and is as well as she ever was. Free trial bottles of this Great Discovery at C. Bence's drug store. Only 50 cents and \$1.00, every bottle guaranteed.

One of the Republican explanations of the Democratic landslide in Baltimore on Tuesday, the 2nd, is to the effect that the negro vote of over 19,000 upon which the Republican managers counted as a strong factor, proved their greatest source of weakness, because it alienated thousands of white Republicans. The particular explanation referred to goes on to say that the employment of negroes as laborers in the city work turned a large part of the white labor vote against the Republican ticket. The nomination of Hiram Waddy, a colored politician, for the City Council; the charges of an increase during the past year in negro rowdiness, and the speech of Senator Wellington, in which he said, "Baltimore was not a white man's city, but a city for all nationalities and colors of men," increased the race prejudice to such a pitch that many dyed-in-the-wool white Republicans, who had never before voted the Democratic ticket, did so this time to prove, as some of them said, "That Baltimore was, and would remain, a white man's city."

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did me so much good that I would like to know what you would charge for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by W. Richardson, druggist.

THIS IS LAW.—Section 2947 of the Code of Virginia is very rigid as to the use of liquor on election days. Here is the law: "During the time aforesaid no person shall sell or give away any wine, ardent spirits, malt liquors, cider, or any mixture of them, in the county, corporation, or district in which the election is held. Any person violating this or the preceding section shall be fined not exceeding \$1000 and confined in jail not exceeding one year." It is made the duty of every justice, sheriff and special policeman, if he knows or has cause to suspect that any person intends to commit, or has committed such offense, to arrest and hold him for examination according to law.

Beauty is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day with Cascarets, bilious, blotches, blackheads, that sickly bilious complexion by taking Cascarets,—beauty for ten cents. All druggists, satisfaction guaranteed. 10c, 25c, 50c.

Elias Bailey, aged 104 years, died at his home near Rileyville, in Springfield district, Page county, on Wednesday afternoon. Mr. Bailey was born in what is now Madison county, in the year 1755. He leaves several brothers, whose ages range from 75 to 100 years. His death removes the oldest person in Page county.

May Conference Meeting.

Pursuant to a call made in the COURIER of last week, a meeting was held at the court house on Saturday afternoon for the purpose of selecting delegates to represent this county in the conference to be held in Richmond on the 10th of May, called to consider the question of electing senators by the people.

The meeting was organized by electing Mr. Joseph Price chairman, and John R. Crown secretary. The chair stated the object of the meeting and its importance to the people, and was followed by Mr. C. Kownslar, who presented some strong points in favor of the movement. Mr. M. W. Jones then read the call of the gentlemen who proposed the May conference. He was followed by some pertinent remarks from Mr. John R. Castleman, and some amusing allusions to the volumes he had in hand by Mr. P. J. Affleck, who feared his supply might be shortened hereafter if it became known he attended this meeting.

On motion, those in attendance from each several magisterial districts were authorized to separate and nominate four delegates from their respective districts, under which resolution the following delegates were reported:

Greenway—Capt. David Mende, Jno. F. Sowers, M. H. Reardon and I. A. Chrisman.

Chapel—G. W. Levi, M. L. P. Reed, Joseph Price and W. A. Bradford.

Battletown—Dr. J. M. G. McGuire, M. W. Jones, S. M. Taylor, S. McCormick.

Long Marsh—Col. J. J. Riely, Jno. O. Crown, J. C. Rutherford and Ewd. Steele.

The meeting promptly ratified the list of delegates reported.

On motion, any delegate or delegates present were instructed to represent those who might fail to attend.

Jos. PRICE, Chair'n.

JOHN R. CROWN, Sec'y.

Hon. R. T. Barton's Views.

Sunday's Richmond Times contained the photographs of some of the most prominent men in Virginia together with their views on the approaching convention which is to be held in Richmond on May 10th, for the purpose of adopting some plan whereby the people may express their choice of candidates for the United States Senate.

Among the gentlemen whose views are given and whose photograph appears is that of Hon. R. T. Barton, of Winchester. Mr. Barton says: "I think the only proper way of choosing the nominee for United States Senator is a primary election to be held at the same time and places with the regular election for the Legislature in November next. With very little trouble and expense the proper machinery for taking the vote could be provided on that occasion."

"If the Executive Committee has not the power to arrange for such an election, the necessity for it is sufficient to justify a call for a convention to act upon the matter."

"The canvass for the legislative election will present a fine opportunity for senatorial candidates to come before the people and prove their fitness for the place or expose the reverse."

Bismark's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at C. W. Bence's drug store.

Mr. Addison Maupin, president of the Board of Visitors of the Virginia School for the Deaf and Blind, has presented to the Governor his quarterly report. Mr. J. N. Stubbs, the former president, in the report for the preceding quarter, said it was necessary to go into debt in order to keep the institution up. Mr. Maupin's report is, therefore, of special interest. He states that the school is larger by 32 per cent. than ever before, but it is being kept within the legislative appropriations.

WHAT MORE DO YOU ASK?—On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate its great merit. Full size 50 cents.

ELY BROS., 56 Warren St., N. Y. Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone. —W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

Two Millions a Year.

When people buy, try, and buy again, it means they're satisfied. The people of the United States are now buying Cascarets Candy Cathartic at the rate of two million boxes a year and it will be three million before New Year's. It means merit proved, that Cascarets are the most delightful bowel regulator for everybody the year round. All druggists, 10c, 25c, 50c a box, cure guaranteed.

Senator Chandler, of New Hampshire, thinks it probable Senator Quay will be allowed to take his seat in the Senate under Governor Stone's appointment. Many Senators will vote for him, Mr. Chandler states, on account of his personal popularity and because of his sympathy for him.

To Rest Women.

Many women don't have time to rest. Their work, work, work, day after day with them. As a consequence they are always tired. That kind of a life soon affects the constitution. About the first evidence of this is weakness or derangement of the female organs. That means constant aches and pains in the head, back, sides, hips and legs. Women silently suffer that way year after year. But they need not suffer. No women works so hard that she must be tired all the time. By taking McElree's Wine of Cardui, the great vegetable medicine made especially for the peculiar ailments of women, she can get relief. This medicine stops the drain upon the system. It makes a woman so strong that her work will not tire her as formerly. It gives her natural restful sleep. Thousands of American women substantiate these statements. Any tired woman can quickly restore them by buying a bottle of Wine of Cardui. Of this medicine J. W. Lawrence, of Corsicana, writes:

"My wife was tired all the time and was so weak she could scarcely walk. I got one bottle of Wine of Cardui for her and before she had taken all of it, she was able to do all of her housework."

To Cure Constipation Forever.

Take Cascarets Candy Cathartic. 10c or 50c. If C. C. C. fail to cure, druggists refund money.
